District Comments:

ACSD chose to classify this under the SCED Code 18101 Animal Production/Science, but it may need to be reclassified.

We are happy to look at that and classify it under a different code, as needed. The Agricultural Science course is the same at Rock River, Laramie High School, and Whiting High School.

Topics in Ecology will cover all of the items in Ecology of the Hunt, Winter Ecology, and Stream Ecology, depending on the season. The same course will be taught at Rock River, Laramie High School, and Whiting High School.

WDE Comments:

***Students must take both the semester course Space Science and the semester course Research Lab to count as a year of Additional Science**
